“We're excited to open the musical for all students (9th-12th) to watch during their school day to support their peers,” said *Bill Kinziger*, the high school principal. “This is

more than just a musical, its a way to involve our community, support our peers, and enjoy a great show together.”

The musical features two separate casts performing once in the afternoon and once in the evening. There will be concessions offered throughout the show, so you can enjoy anything from a cold soda to some homemade baked goodies.
